

# Harrington Opera House

## 2014 Celebrations of Success

### Building Committee

- The sidewalk along Willis Street was completely replaced and included a handicap ramp at the entrance to the Art/Music Room and the adjoining entrance to the old apartment.
- Stage curtain track and operating system was purchased and installed ready for the curtains to be hung.
- South and East walls of the auditorium were stripped of old plaster, re-plastered and now ready for paint and reinstalling wall sconces. The proscenium arch was completed with new plaster also.
- New carpet was installed in the Lobby and the Art Room.
- Art room floor was leveled and new subfloor installed where needed.
- Millwork and window trim installed on South wall of the Art/Music Room.
  - Lobby and Art Room entry doors repaired and refinished as were latch hardware. New insulated glass for the doors has been ordered and will be installed soon.
- Double doors at the North entrance to the auditorium are refinished and re-hung. New beveled glass purchased.
- All trim around the Auditorium windows and entry doors was removed, repaired as needed and refinished.
- North wall of the auditorium and stage repainted.
- West wall of the stage cleaned, caulked and sealed insulated and repainted black.
- Dressing room #1 completely refurbished with sheetrock, insulation, wiring and light framed mirror and paint.
- An outside faucet was plumbed in by the Willis street entrances.
- Elevator blueprint and engineering package completed.
