Discussion was held about involving university or jr college students in theatre projects such as sound, lighting, etc. Hiring a specialist in these areas would be very expensive, so a college student needing a senior project could be the answer.

We also talked about the need for a facilitator for events.

Wa State legislator Bob Morton will be in Davenport September 23 at 11AM. We hope to talk with him and get him out to tour the Opera House.

The next meeting will be October 6 at 7PM in the Harrington library.

Respectfully Submitted,

Sheryl Stedman, Secretary
